Nicotine and Marijuana Policy

Nicotine, marijuana, and marijuana related products negatively impact healing and can cause unwanted and avoidable surgical complications. Because of this, we have a NO NICOTINE and NO MARIJUANA USE POLICY.

Patients must be nicotine and marijuana free for AT LEAST SIX WEEKS PRIOR TO SURGERY.

You must avoid all smoking, vaping, and use of edibles or oils. You may not use any nicotine replacement therapy such as nicotine patches, nicotine chewing gum, nicotine lozenges, vapes, or hookahs. You must refrain from using e-cigarettes and herbal cigarettes, even if they do not have nicotine in them. You must also avoid second and third hand smoke. If you are able to smell it, you must avoid it.

There are medications that can help you quit smoking that we may approve you to use, but these would need to be prescribed from your primary care physician. Please contact us or your primary doctor for more information.

We understand that some patients may have prescriptions for medical marijuana, however it still can negatively impact your surgical outcome. Patients with prescriptions for medical marijuana must let our staff know and will also need to contact their prescribing physician for an alternative.

Please be aware that our office requires random nicotine and THC testing as frequently as once a week. These visits take about 10 minutes to complete. We understand that our patients lead busy lives and we typically will grant our patients 48 hours to comply with a request for an in-office screening, but we do require that you have a scheduled appointment.

If testing is positive, your surgery may need to be postponed to help reduce your risk of complications.

By lack of disclosing nicotine or marijuana use, you are putting yourself at risk for adverse events including the risk of hospitalization and re-operation.

By signing below, you are acknowledging our policy.

Any Additional _____

Aspirin and aspirin-containing products, some dietary supplements, "nutraceuticals", and even teas have all been linked to prolonged bleeding which complicates surgery, delays healing, produces more bruising, and may lead to *emergent re-operation* for continued bleeding after surgical procedures. If you need to take an aspirin-free fever reducer/pain reliever prior to your procedure, we recommend Tylenol, or the generic equivalent Acetaminophen.

Alcohol – Patients should not consume any alcoholic beverages for a minimum of ten (10) days prior to any surgical procedure.

Hormones- Hormones such as estrogen and progesterone from birth control, intrauterine devices, and bioidentical hormones, hormone replacement therapy, selective estrogen replacement modulators, and aromatase inhibitors can increase your risk of blood clots during surgery and contribute to complications like Deep Venous Thrombosis and Pulmonary Embolism. We recommend hormones be discontinued for 4 weeks prior to surgery with the consent of your prescribing physician.

FINANCIAL POLICY AGREEMENT

SCOTT A. SPIRO, MD, FACS

We are committed to providing you with the best possible patient care and customer service. In order to achieve these goals, we need your assistance and your understanding of our financial policies.

1. Consultation fees will be determined based upon the length of time spent in direct consultation with Dr. Spiro, as well as the scope of procedures patients wish to discuss. Patients who wish to discuss multiple surgical procedures and/or treatment of multiple body regions may be charged an additional fee.
2. Payment for services provided by our office are payable by cash, bank checks, money orders, Visa, MasterCard and American Express. Personal checks are only accepted three weeks prior to the date services are rendered. (Exceptions may be made at the discretion of the Practice Manager.) There is a fee of \$30.00 for returned checks.
3. Please be aware of our participation status regarding your insurance coverage.
 - **Commercial/Private Insurance Plans** (including Medicare Supplement Plans) - Your insurance is a contract between you and your insurance company; our office is not a party to that contract. Regardless of whether the services provided by our office are covered by your insurance plan, you are ultimately responsible for 100% of our total billed charges. Our office does not have to accept what your insurance company determines to be the “allowed amount” for a claim. Dr. Spiro is a non-participating provider with all health insurance plans. Therefore, any eligible healthcare claims would be processed under the out-of-network provisions of your policy.
 - **Medicare** – Effective April 1, 2011 Dr. Spiro has “opted out” of the Medicare system and may enter into private contracts with Medicare beneficiaries. As such, patients must accept full responsibility for payment of Dr. Spiro’s fees for all services rendered. Medicare limiting charges do not apply to Dr. Spiro’s services. Patients must understand that no claims may be submitted to Medicare for services provided by Dr. Spiro. Similarly, Medigap plans and other supplemental plans may elect not to make payment for services not paid by Medicare.
 - **Medicaid** – Dr. Spiro does not participate with Medicaid. Please advise the receptionist if you are covered by Medicaid, regardless of whether it is your primary or secondary coverage.

Spiro Plastic Surgery, LLC
Financial Arrangements Agreement, Continued

4. In addition to cosmetic procedures, not all functional and/or medically necessary procedures are covered by all health insurance plans. Health insurance coverage is a “contract” between the insurance company and the insured party. This contract may include limitations or exclusions of coverage. We strongly recommend that all patients obtain a complete copy of their insurance documents and become familiar with the provisions of their plan.

5. Our fees may not be considered usual, customary and reasonable (UCR) by your insurance company. Dr. Spiro is an experienced surgeon, highly specialized in Plastic and Reconstructive Surgery. Accordingly, his fees may be higher than some providers in the region. It would be wise to contact your insurance carrier to determine approximately what your out of pocket expense will be. We must emphasize that as a medical care provider, our relationship is with you and not your insurance company.

6. As a courtesy to our patients, our office will submit a letter of pre-determination, initiate a pre-certification, and/or file a claim on your behalf with your commercial/private insurance plan. You must provide our office with all necessary information, including demographic information on the patient and the insured party, addresses, telephone numbers, a copy of your current insurance identification card, etc. As non-participating providers, our office may be unable to obtain the status of these submissions. It may therefore be necessary for the patient to follow up with their insurance company as to the status of such requests.

7. In the event a Patient Balance exceeds 90 days, the undersigned authorizes Spiro Plastic Surgery, LLC and/or their authorized agent to verify any information provided in the Patient Information Sheet, now or in the future, and/or obtain additional information by securing data from a credit reporting agency. In addition, the undersigned agrees to pay a thirty percent collection fee in the event of default on their account, if the account is placed with an attorney or bonded collection agency.

If you have any questions about our financial policies, please feel free to ask for additional clarification. We are here to assist you in any way possible. Thank you for choosing Spiro Plastic Surgery, LLC.

We Have a Legal Duty to Safeguard Your Protected Health Information (PHI)

This includes information that can be used to identify you that we have created or received about your past, present, or future health condition, the provision of health care to you, or the payment for this health care. We must provide you with this notice regarding our privacy practices that explains how, when, and why we use and disclose your PHI. With some exceptions, we may not use or disclose any more of your PHI than is necessary to accomplish the purpose of the use and disclosure. We are legally required to follow the privacy practices that are described in this notice.

However, we reserve the right to change the terms of this notice at any time. Any changes will apply to the PHI we already have. We will promptly post the revised policy in our office waiting room. You may also request a copy of this notice from the individual named above at any time.

How We May Use and Disclose Your Protected Health Information

We use and disclose health information for many reasons. Below we describe the different uses and disclosures.

Uses and disclosures which do not require your authorization:

- *Treatment* - We will use your health information for treatment. We may provide your information to hospitals, anesthesiologists, and other physicians involved in your care, nurses and technicians.
- *Payment* - We may use and disclose your PHI in order to bill and collect payment for the treatment and services provided to you. A bill may be sent to you, a third-party payer, or collection agency. The information on or accompanying the bill may include information that identifies you, as well as your diagnosis and procedures.
- *Health Care Operations* - We may disclose your PHI in order to operate this practice. We may use your information in order to evaluate the quality of health care services our office provides. We may also provide your PHI to our accountants, attorneys, consultants, and others in order to make certain we are complying with laws that apply to our practice.
- *Federal, State, or Local Law, Judicial or Administrative Proceedings, or Law Enforcement* - We may disclose your information when a law requires that we report information to government agencies and law enforcement personnel about victims of abuse, neglect, domestic violence, or when ordered in a judicial or administrative proceeding.
- *Business Associates* - There are some services provided in our practice through contacts with business associates. Examples include radiology, anesthesiology, laboratory diagnostics, hospital and surgical facilities, etc. When these services are contracted, we may disclose your health information to our business associate so that they can perform the job we've asked them to do and bill you or your third-party payer when necessary. So that your health information is protected, however, we require the business associate to appropriately safeguard your information.
- *Public Health Activities* - We may report information to government officials in charge of collecting information about various diseases, infections, and medical products. We may disclose to the FDA health information relative to adverse events with respect to food, supplements, product and product defects or post marketing surveillance information to enable product recalls. We may provide coroners, medical examiners, and funeral directors any necessary information.
- *Health Oversight Activities* - We will provide information to assist the government when it conducts an audit or investigation of a physician or medical practice.
- *Tissue/Organ Donation* - We may contact tissue procurement organizations to assist them in donations and transplants.
- *Research* - We may disclose information to researchers when their research has been approved by an Institutional Review Board that has reviewed the research proposal and established protocols to ensure the privacy of your health information. We will always ask for your specific written permission if the researcher will have access to any information that reveals who you are, such as your name, address or other patient identifying information.
- *To Avoid Harm* - In order to avoid a serious threat to the health and safety of a person or the public, we may provide your information to law enforcement personnel or persons able to prevent or lessen such harm.
- *Specific Government Functions* - We may disclose information on military personnel or veterans in certain situations. We may disclose information for national security purposes or conducting intelligence operations.
- *Workers' Compensation* - We may provide information to comply with applicable workers' compensation laws.

- *Appointment Reminders and Health Related Benefits or Services* – We may use information to advise you of future appointments, treatment alternatives, or other health care services or benefits we offer.
- *Incidental Uses and Disclosures* – An incidental use and disclosure is a secondary use that cannot reasonably be prevented, is limited in nature, and that occurs as a by-product of an otherwise permitted use or disclosure. Such uses are permitted only to the extent that we have applied reasonable safeguards and do not disclose any more of your information than is necessary to accomplish the permitted disclosure.

Uses and disclosures where you have the opportunity to object:

- *Disclosures to Family, Friends, and Others* – Health professionals, using their best judgment, may disclose to a family member, other relative, close personal friend or any other person you identify, health information relevant to that person's involvement in your care or payment related to your care. You may object in whole or in part to these disclosures.

Other uses and disclosures of medical information not covered by this policy or applicable laws will only be made with your prior written approval. You may revoke that permission, in writing, at any time. Revoking your permission does not require us to take back any disclosures we have previously made with your permission.

Your Rights Regarding Your Protected Health Information

Although your health record is the physical property of the healthcare practitioner, the information belongs to you. You have the right to:

- Obtain a copy of the Notice of Privacy Practices upon request
- Request a restriction on certain uses and disclosures of your information as provided by 45 CFR 164.522. This request must be made in writing to the attention of the Privacy Officer and must include what information that patient wants to limit and to whom the limits apply. We will consider your request but are not legally required to accept it.
- Inspect and copy your health record as provided for in 45 CFR 164.524. This request must be made in writing to the attention of the Privacy Officer. We will respond to you within 30 days of receiving your written notice. We may charge a fee for the costs of copying, mailing, faxing, reproducing photographs, or other expenses associated with a patient's request.
- Choose how we send health information to you. You may request that we send information to you at an alternative address or by alternate means.
- Request an amendment of your health record if you feel the information, we have is incomplete or incorrect as provided in 45 CFR 164.528. Requests must be made in writing to the attention of the Privacy Officer and must include a valid reason to support the request. We will respond within 60 days of receiving your written request.
- Obtain an accounting of disclosures of your health information as provided in 45 CFR 164.528. This list will not include disclosures you have already consented to such as those made for treatment, payment, or health care operations, or disclosures made prior to the effective date of this policy. This request must be made in writing and must state a period of no longer than six years. We will respond within 60 days of receiving your written request.

For More Information or to Report a Problem

If you have any questions or would like additional information, you may contact Marybeth Gabriel, Privacy Officer at (973) 736-5907. If you believe your privacy rights have been violated, you may file a complaint with our Privacy Officer or with the Secretary of the Department of Health and Human Services. There will be no retaliation for filing a complaint. All complaints must be made in writing.

Revisions of Privacy Policy

We reserve the right to change our Privacy Practices at any time and to make the new provisions effective for all protected health information we maintain. You may request a copy of any revisions made to our Notice of Privacy Practices either by mail, telephone, or in person.
